## Some fun lines and famous quotations

Quality assurance doesn't.

Quality Control: The process of testing one out of every 1,000 units coming off a production line to make sure that at least one out of 100 works.

Quality doesn't improve by sitting on things. *Val Fitch*

Quality in a product or service is not what the supplier puts in. It is what the customer gets out and is willing to pay for. A product is not quality because it is hard to make and costs a lot of money, as manufacturers typically believe. This is incompetence. Customers pay only for what is of use to them and gives them value. Nothing else constitutes quality. *Peter Drucker*

Quality is presence of value and not absence of mistake.

Quality, without quantity, is little thought of.

Quantity is no substitute for quality, but it is the only one we have.

Quantum particles: The dreams that stuff is made of. *David Moser*

Quark! Quark! Beware the quantum duck!

Quarrels would not last long if the fault were only on one side. *Francois de La Rochefoucauld*

Question Authority... and the Authorities will question you!

Questioning is not the mode of conversation among gentlemen. *Samuel Johnson* (1709-1784)

Questions are the creative acts of intelligence. *Frank Kingdon*

Quick believers need broad shoulders. *George Herbert*

Quickly come, quickly go.

Quidquid latine dictum sit, altum viditur. (Anything in Latin sounds profound.)

Quiet is what home would be without children.

Quiet minds cannot be perplexed or frightened but go on in fortune or misfortune at their own private pace, like a clock during a thunderstorm. *Robert Louis Stevenson*

Quietness is a great treasure. *Henderson*

Quinine is the bark of a tree; canine is the bark of a dog.

Quit looking at fortunes and get back to work!

Quit while you're ahead. *Leng-Tzu*

Quit working and play for once!

Quite frankly, teachers are the only profession that teach our children. *J. Danforth Quayle*

Quitting smoking is easy, I've done it hundreds of times. *Mark Twain (1835-1910)*

Quotation: The act of repeating erroneously the words of another. The words erroneously repeated.

*Ambrose Bierce*

Quotes are nothing but inspiration for the uninspired. *Richard Kempf*

Quoting one is plagiarism. Quoting many is research.
